

## County Councillor Martyn Holland's Monthly Report – February 2021

### Dog Control Regulations

New DCC dog control regulations will be issued after a public consultation. The current regulations have expired.

### Housing Stock

The County have identified 23 empty houses in our ward ( Rhyl West 74).

There are over 500 empty houses around the county at any one time some of them have been empty for many years and the County are trying to bring these back into the housing stock.

### Replacement Bench

The Trunk Roads Agency have confirmed that you can replace the bench on the A494 between Tafarn Y Gelyn and Loggerheads. Ideally it should be on the same base.

### Parking at Moel Famau

The first draft of the proposed Parking and Highways restrictions for Moel Famau have been submitted by the consultants. The County have been presented with a number of options and recommendations. They are looking at 55 additional parking spaces with some time limited free parking bays on the road side.

There will also be help for the residents road side parking and double yellow lines from the Bryn Bolio Caravan Park through to the first bend as you head for Llanbedr.

Before any parking restrictions are formalised there will be a public consultation.

### Burley Hill Quarry

The deadline for the Burley Hill Quarry Scoping exercise has passed but late submissions are still being accepted. The Counties report will be issued towards the end of the month. At this stage it is important to note that this is not a planning application but a fifteen-year review of the quarries practices against the current quarries national standards.
