

County Councillor Martyn Holland's Monthly Report – October 2021

Grit Boxes

As winter approaches I have been asked to contact DCC about an additional two grit boxes for the back road to Moel Famau (Pen Y Waen Rd). I met with residents to discuss the sites for these bins.

Burley Hill Quarry

Tarmac have arranged their virtual exhibition for their proposals to extend the life of the Burley Hill Quarry and residents were able to view it until the 7th November.

Once the formal planning application has been submitted I will call a public meeting (allowing for any covid restrictions at that time) to allow residents to raise their concerns and to confirm the planning process.

Forestry Road Parking

The public consultation on the proposed parking restrictions on Forestry road is coming to an end and I have asked to meet with officers to discuss any concerns raised.

PTA Fund Raiser

I attended the PTA fund raiser which was well supported and an excellent evening. Our thanks go to all involved and their support for Ysgol Bro Famau.
